

# community change

For a small amount of change each month, you can help charitable organizations, civic groups and individuals with special needs. Just sign up to have your electric bill rounded-up to the next whole dollar and that's it! The extra change goes into the Community "Change" fund. Since 1999, Community "Change" has helped local ambulance services, libraries, people who had fires or catastrophic illnesses and many others. Your extra change can really help a lot of people.

100% of your donation goes toward monetary awards. There are no administration fees taken out of the fund.

If you already contribute to Community "Change" there is no need to sign up again.

*Individually the pennies don't go far,  
but when we add up all the donations,  
we can help many people.*
