

## SAFETY ABOVE ALL ELSE

Oconto Electric Cooperative is so excited to honor our employees for completing one-million-plus consecutive working hours without an occupational injury or illness resulting in days away from work.

Nationally the top two lost-time incidents are electrical current contacts and slips/trips/falls that cause injuries to the back, sprains, broken bones, etc.

“Every member of Oconto Electric benefits from this great safety milestone! Our employees have shown great dedication and concentration on their

jobs to achieve this feat. We are proud of their record, and extremely happy to see them all go home safe at the end of each day,” said David Hischke, chairman of the board.

Behind these achievements stand solid safety standards with dedicated efforts that extend to all our employees.

We focus on personal safety responsibility, safe and proper workplace procedures, monthly safety trainings, first aid/CPR trainings, quarterly workplace inspections, hazard and accident/injury reporting procedures.

“I cannot thank all the employees enough for their efforts in working safely without a lost-time accident since 2004. I am proud of all of you and appreciate all the input throughout the years that you have provided to make our co-op a safe place to work. Let’s keep working safe and going home to our loved ones every day. As always it is important we not only practice working safe at work, but at home as well. May God watch over all of you,” said Byron C. Nolde, CEO.

## WE WISH YOU A HAPPY RETIREMENT!

Sue Mogged began her career at Oconto Electric Co-op in May of 1997 as the warehouse person, with duties that included inventory, laying out jobs for the line crew, and much more.

“I am amazed at the amount of technology OEC uses and how we are leaps and bounds ahead of other electric cooperatives. We try and use all the software that is available to our capability. This says a lot about the employees here, that we aren’t afraid to expand and try new things,” said Sue.

Sue is looking forward to her retirement starting in mid August and being available to do more with her six grandkids. She plans on traveling with her husband, Paul, do more gardening, beekeeping, and enjoying that she doesn’t have to be on anyone else’s schedule.

May God bless each day in this new chapter of your life. Good luck and best wishes on your retirement!

# DO WE HAVE MONEY FOR YOU?

Once a year, Oconto Electric publishes the names of members, past and present, who have outstanding capital credit checks. Maybe these checks were misplaced or lost in the mail, but for whatever reason they were not cashed. Now these checks are outdated and cannot be cashed. Names shown are from checks originally issued in 2014 and 2017. We have included the outstanding 2014 capital credit checks because any of these checks that are not reissued this year will be transferred into our educational fund and used for youth scholarships. This is the last opportunity for people to claim this money.

If you find your name listed here please contact OEC at 1-800-472-8410. If you know someone on this list, please have them contact us.
